YEAR BOOK ERRATA

We regret that some of our function dates were published incorrectly in our Year Book, issued recently. Please note the following corrections:-

Page 5 - Harold K. Box Memorial Lectureship

This function will take place on Sunday, October 14th
at the Park Plaza Hotel.

Page 11 - Annual Dinner Meeting

The correct date is Wednesday, April 3rd, 1963

Page 30 - Crown and Bridge Study Club

The first meeting will be held on Thursday, October 4th

Stickers

The sticker for the First Stated Meeting lists the incorrect date for this meeting. The correct date is Thursday, January 31st, 1963

ACADEMY OF DENTISTRY

**YEAR BOOK
1962 - 1963**

T O R O N T O

President's Foreword

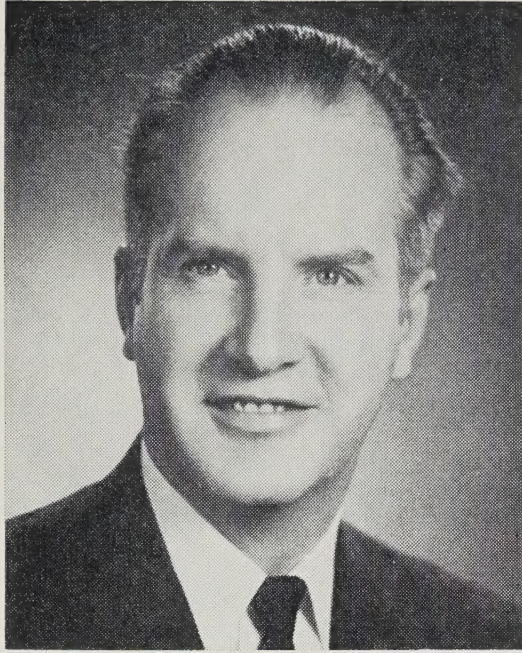

The Academy of Dentistry, Toronto at the beginning of another year's activities, presents your Year Book 1962-63. Presented herein are all the functions of the parent body as well as the local societies, so please keep it handy as a reference guide.

Our format for the year has been slightly changed; our Annual Dinner will be our closing event and the Stated Meetings will this year contain an all-day session on Practice Management.

I wish to take this opportunity to ask you all, however, to give your greatest efforts this coming Fall to the public health measure Fluoridation, which is coming to a public plebiscite in December. Take all opportunities to instruct your patients on the matter so that they may go to the polls better able to vote intelligently on this preventive measure, which has the wholehearted support of the healing arts.

May this year with its responsibilities be a rewarding one for you as you support the Academy in its endeavours and its various programs both social and academic.

JOHN H. MULLETT,
President.

DR. JOHN H. MULLETT — BIOGRAPHY

Dr. Mullett was born in Chengtu, China in 1919 where he received his early education at the Canadian School. On coming to Canada he finished Senior Matriculation at Oshawa and then continued in the Faculty of Dentistry, Toronto, where he graduated in 1942.

After serving for four years in the armed services in Canada and Europe, he returned to China to join his parents in Chengtu, and taught for a while at the Dental School in Chengtu. He then proceeded to Shanghai where he set up private practice for three years before returning to Toronto in 1951, where he has been ever since.

He has been through the offices of both the North Toronto Dental Association and the Academy of Dentistry, and has also served on various committees of the Ontario Dental Association.

Dr. Mullett is married to the former Lucie Codsí of Shanghai, and has two children. He is a member of the St. James Bond United Church, where he is an Elder, and is a member of the Toronto Cricket, Skating and Curling Club. His hobbies include all sports, photography and stamps.

ANNUAL ACADEMY GOLF TOURNAMENT

ST. GEORGE'S GOLF AND COUNTRY CLUB

Friday, October 12, 1962

Tee off the Academy Year with fun and fellowship at our Annual Academy Golf Tournament (formerly the Toronto and District).

All Academy members, guests and neighbouring dental societies are cordially invited.

Bring your own foursome or come solo. See you in the sand traps.

GOLF — DINNER — PRIZES

Tee Off: 11:00 a.m.

Entry Fee: \$12.00

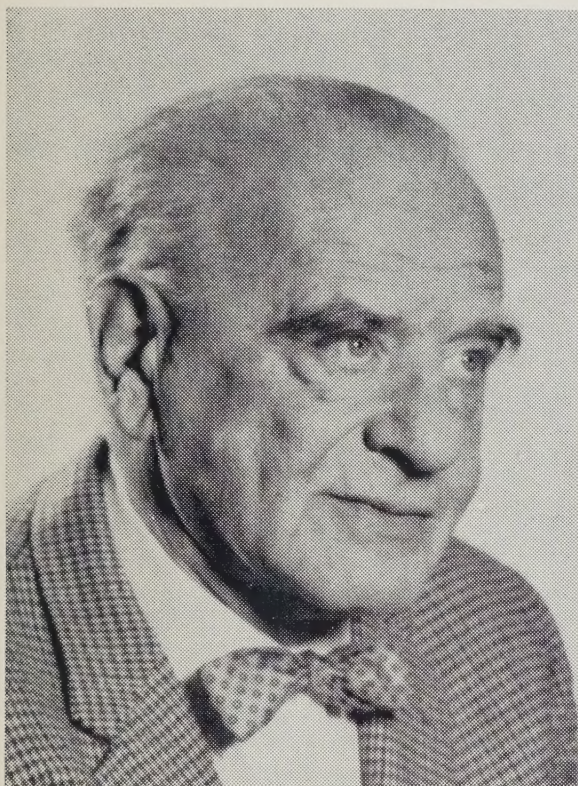

HAROLD K. BOX MEMORIAL LECTURESHIP

MONDAY, OCTOBER 15th, 1962

9:00 a.m. to 5 p.m.

French Room, Park Plaza Hotel

This is the first annual Harold Keith Box Lecture, which has been established to commemorate Dr. Box's world leadership in research relating to periodontal disease. The funds to support the lectureship were subscribed by dentists throughout Canada.

Essayist:

HARRY SICHER, M.D., D.Sc.

Subject: "*The Role of Bone in Periodontal Disease*".

Dr. Sicher will review the nature of the bone supporting the teeth, and will discuss the influences of systemic and local factors in creating variations in the bone of the alveolus. The total effect of the lecture will be to present the present knowledge concerning the processes which occur in the bone supporting the teeth in periodontal disease.

Biography

Dr. Harry Sicher was born in Vienna, Austria, where he received a medical degree in 1913. He taught at the University of Vienna Medical School, first as an instructor in Anatomy, then in the Department of Dentistry, where he was appointed associate professor in 1933.

In Chicago, he served as associate professor of Anatomy at the Chicago Medical School from 1939 until 1942, when he joined the faculty of the Loyola University School of Dentistry, where he was professor of Anatomy and head of the department at this school until 1960. He is now Professor Emeritus and Director of the Teacher Training Program; guest lecturer at Northwestern University Graduate Dental School, special lecturer at the University of Nebraska Graduate Dental School, and visiting professor at the University of Puerto Rico Dental School.

Dr. Sicher received an honorary degree of Doctor of Science from Loyola University, Chicago, in 1952. He is the author of "Oral Anatomy" and co-author of "Bone and Bones".

Dr. Sicher is a Fellow of the American Association for the Advancement of Science; member of Sigma Ki; honorary member of Omicron Kappa Upsilon and Alpha Omega Fraternities, the Finnish Dental Society, the Chicago Dental Society, the American Association of Orthodontists, and others.

ANNUAL WINTER CLINIC

Royal York Hotel, November 22, 1962

"The Greatest One-Day Convention in the World"

this year features

Practical Aids to Dental Practice

The Committee guarantees that everyone interested in endodontics, prosthetics, gold foil, radiology, occlusal-correction, practice-management, diagnosis, and even laboratory problems will take home new ideas that can be immediately put to work to make your practice more successful.

THE GUEST CLINICIAN

Dr. Hugh Cooper of Ann Arbor Michigan will speak on

"Successful Fixed Prosthesis"

This is a practical discussion of how to do it that you cannot afford to miss.

THE LUNCHEON SPEAKER

Dr. H. K. Brown of Department of National Health and Welfare will speak on

"Water Fluoridation"

This is your chance to get up to date on fluoridation facts you will need to tell your patients before the plebiscite this fall.

WINTER CLINIC COMMITTEE

General Chairman: R. M. GRAINGER

Group Clinics: PETER BECK

Publicity: GEORGE C. STIRLING

Equipment: GEORGE C. STIRLING

Registration: STUART M. CROUCH

Commercial Exhibits: JOHN J. LATOSIEWICZ

THE ACADEMY OF DENTISTRY

presents its

ANNUAL DINNER DANCE

at the

GRANITE CLUB

FRANK BOGART and his orchestra

Friday, January 11th, 1963

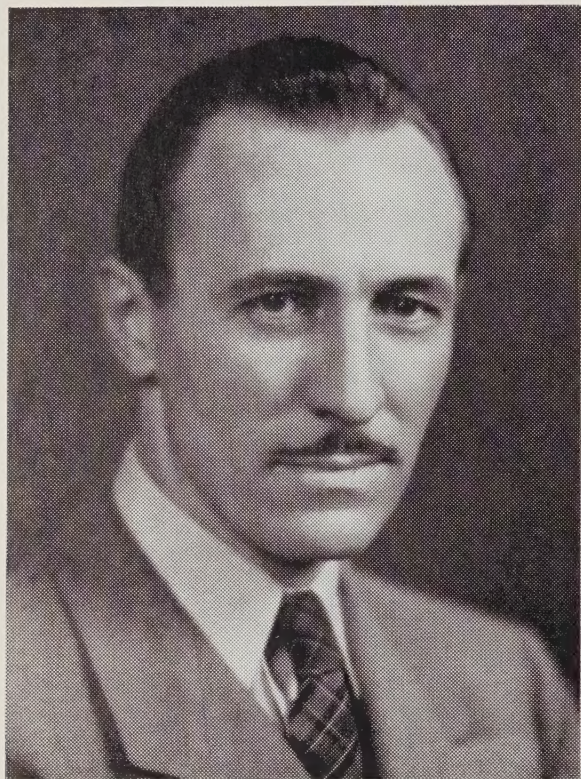

Cocktails 7 P.M.

Dinner 7.30 P.M.

Followed by Dancing and Entertainment

DRESS — BLACK OR WHITE TIE

FIRST STATED MEETING
FACULTY OF DENTISTRY **8.15 P.M.**
THURSDAY, JANUARY 31st, 1963

Essayist: DR. RALPH F. SOMMER,
D.D.S., M.S., F.A.C.D.

*Topic: "Practical Endodontia for
the General Practitioner"*

This essay is intended to stimulate the general practitioner in this vital field of dental treatment and will be well illustrated and diagrammed.

Biography:

Dr. Ralph F. Sommer has been Professor of Operative Dentistry at the University of Michigan School of Dentistry for the past thirty years and is the head of the Department of Endodontia and Radiology there and also at the W. K. Kellogg Institute for Graduate and Post-Graduate studies.

Dr. Sommer has been an internationally known man in his specialty field and has been chairman of many associations. He is a fellow of the Academy of Oral Roentgenology and also a fellow of the American Association for the Advancement of Science.

In addition Dr. Sommer is an honorary member of several fraternities and is on the faculty of the University of Oregon Post-graduate department, Walter Reed Army Hospital, Tufts College, Boston, Temple University Dental School, University of Southern California.

Dr. Sommer is the author of countless articles and co-author of the 2nd edition of "Clinical Endodontia".

SECOND STATED MEETING

FACULTY OF DENTISTRY

8:15 P.M.

THURSDAY, FEBRUARY 28th, 1963

Essayist:

JOHN A. PEDLER, M.D.S. (Lond.),
F.D.S., R.C.S. (Eng.), L.R.C.P.
(Lon.), M.R.C.S. (Eng.)

Topic: "*White Lesions of the
Oral Mucosa*"

Lesions of the oral mucosa which are manifested as white areas provide diagnostic problems of considerable significance. The clinical and pathological features of these conditions will be described together with their etiology, differential diagnosis and management.

Biography

Dr. J. A. Pedler is Professor and Head of the Department of Oral Diagnosis at the Faculty of Dentistry, University of Toronto. Until coming to Canada in 1961 he was Senior Lecturer in Oral Pathology at the London Hospital Medical College and Dental School, London, England.

He was formerly honorary treasurer of the British Society of Periodontology and secretary of the Section of Odontology of the Royal Society of Medicine.

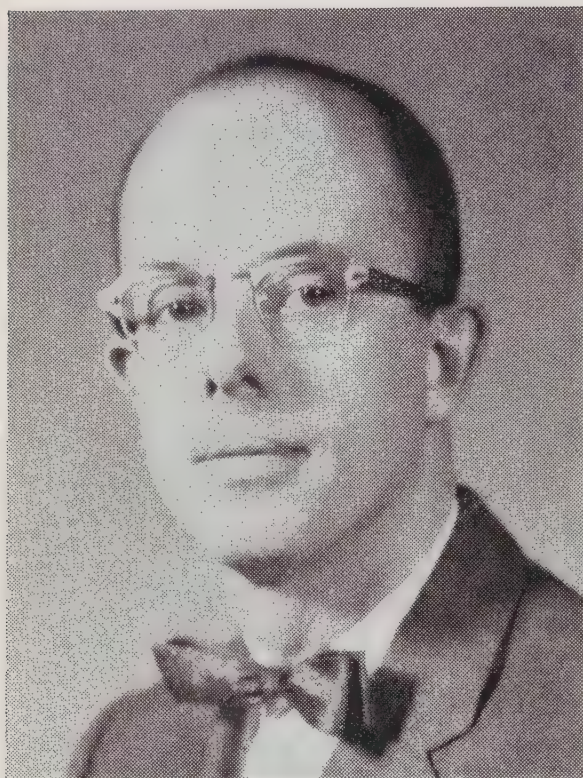

Dr. Pedler served as a dental officer in the Royal Air Force from 1942 to 1947 in England, the Middle East, and East Africa.

THIRD STATED MEETING

SEAWAY HOTEL

9:00 A.M. to 5.00 P.M.

FRIDAY, MARCH 22nd, 1963

Essayist:

EDGAR M. MILLER, D.M.D.

Topic: "*The Dental Operating Team*".

The essay will endeavour to demonstrate the latest developments in all phases of dental practice and co-ordinate them throughout with the various members of the dental operating team. Washed field techniques will be described for operative procedures, oral surgery, gingivectomy and periodontal osteoplasty, endodontic treatment and apicoectomy, and crown and bridge preparations. Methods of managing water flow in the oral cavity will be shown. Kodachrome slides will be used extensively. Dr. Miller will be bringing two office personnel

with him to assist in his demonstrations, and because of this all dentists are invited to bring their auxiliary personnel to benefit from this day's program. There will be a special session with auxiliary personnel near the end of the day.

Biography

Dr. Edgar M. Miller is a graduate of Tufts College Dental School of 1947 and is in joint practice with his brother, Dr. John S. Miller in Lowville, New York. He is on the Faculty of the Post Graduate Department of the First District Dental Society and the Faculty of the Post Graduate Department of the University of Pennsylvania.

He is an outstanding lecturer and clinician and is a senior staff member of the Lewis County General Hospital.

Dr. Miller and his brother have written numerous articles on dental practice administration and motion and time economy. They have also presented programs and clinics before the Greater New York Meeting and the Chicago Midwinter Meeting.

Dr. Miller is a member of the New York State Society of Dental Practice Administration, the New York State Society of Dentistry for Children, and the Chicago Dental Society.

ANNUAL DINNER MEETING

CONCERT HALL ROYAL YORK HOTEL

Wednesday, April 6, 1963

Fellowship Hour - 6:00 p.m. Dinner - 7:00 p.m.

This year the Annual Dinner will be the last full meeting of Academy members instead of the first, as it has been in the past. There will be an excellent speaker, and the atmosphere of genial fellowship will prevail as always. Our only serious business will be the presentation of our incoming President.

PLEASE PLAN TO ATTEND

Health League of Canada	A. Gordon Brown, John H. Mullett
Social Planning Council, Metro Toronto	John H. Mullett, J. E. Carson McGowan
Toronto Nutrition Committee	Miss Doris Berry

DENTAL PUBLIC HEALTH COMMITTEE

This year the Academy of Dentistry is making an all-out effort regarding fluoridation of municipal water supplies in Metropolitan Toronto, in an attempt to educate members of the public in preparation for the plebiscite on the matter to be held on December 3rd. This Committee is most appreciative of the assistance offered by many of our members, and the co-operation in distribution of literature to interested members of the public.

Dental Health Day this season is on Wednesday, April 13th, 1963, in National Health Week, and we hope you will again co-operate with your Dental Public Health Committee in its effort to promote better dental health care for our patients.

A. GORDON BROWN, Chairman,
BERT J. LEVIN.

EMERGENCY SERVICE FOR DENTAL CARE

The Academy of Dentistry is the biggest local society in Canada, and with nearly a fifth of the nation's dentists as its members, holds a big responsibility in giving a good example for other groups.

In the area of an After Hour Emergency Service the Academy has pioneered the way for other groups to follow. However, this service is on the verge of collapse through lack of volunteers, more of which are most urgently needed. With more dentists on the Service, the burden would be very slight — if all members were on the roster they need not serve more than once every 18 months. A very small proportion of our membership is carrying the burden of this service, and we cannot expect them to do so indefinitely.

Please call us at 924-8041, the contribution of your time twice a year would be greatly appreciated, and would save your Academy having to admit ignominious defeat.

THOMAS A. FISHER, Chairman.

EVENING COURSE PROGRAM FOR DENTAL ASSISTANTS

Last year’s Course for Dental Assistants was such a success that it was decided to increase the enrolment to 100. We have been successful in obtaining accommodation at Ryerson Institute of Technology, and are pleased to report that there are facilities for 90 students this year.

We ask the profession’s co-operation in recognizing the certificate given to graduates as evidence of a complete theoretical training in all phases of dental office procedure.

GORDON M. MARSHALL,
Chairman.

MEDIATIONS COMMITTEE

The members of the Mediations Committee of the Academy of Dentistry are sincerely grateful for the co-operative participation of those whose problems have come before this Committee. The attainment of the broadest purposes of mediations — improved patient-dentist relationship and better public relations — have been thoughtfully facilitated by the understanding attitude assumed by the individual dentists concerned.

With the almost certain knowledge that none of us is immune to circumstances that foster misunderstandings, this Committee will continue in its endeavours to be of assistance, again counting heavily upon the support of the profession.

E. R. BILKEY,
Chairman.

CHAIRMAN OF OTHER ACADEMY COMMITTEES

Entertainment and Golf Tournament	Arthur E. Histrop

Study Groups, Housing and Equipment	George C. Stirling
Year Book	Morley G. Hardy

SECRETARY'S REPORT 1961-1962

The year's activities opened officially with the Annual Dinner at the Royal York Hotel on October 23rd at which the guest speaker was Mr. Arthur Maloney. His topic "Canadians and their International Obligations" was a scholarly report on the role of Canada in world affairs. It was a great pleasure to all in attendance that evening to see Dr. P. G. Anderson receive an Honorary Life Membership in the Academy, in recognition of his years of dedication to dentistry.

Dr. J. H. Mullett arranged an informative clinical program for the Annual Winter Clinic where again attendance reached a new high. Dr. Harold Johns of the Ontario Cancer Institute and the Physics Department, University of Toronto, spoke at the luncheon on the subject "Some Aspects of Biology at the Molecular Level as seen by a Physicist", giving all those present a thrilling glimpse of the promising new frontiers of biological research.

Three stated meetings held in the auditorium of the new dental building had almost double the attendance that these meetings have had in previous years. At the first meeting was Dr. Leonard M. Monheim speaking on emergencies in the dental office, at the second Dr. Norman Olsen gave a talk on "Factors Contributing to Good Rapport" in the office, and at the third meeting an outstanding television program on periodontal treatment procedures was given by Dr. Charles Williams aided by members of the Faculty of Dentistry Staff.

Dental Public Health became extremely active under Dr. A. G. Brown as it became apparent that a plebiscite on fluoridation in the metropolitan area would be held in the fall of 1962. A great many requests for speakers were filled during the winter and plans were laid for training a special group of speakers in anticipation of even more interest in the autumn prior to the election date.

Among the other Academy functions which more than filled the year's program were the Annual Dinner Dance, the organization of a chartered flight to the International Dental Meeting at Cologne, the continued work of the Mediations Committee and the Emergency Service Roster, the meetings of the many study groups, the district society meetings, the Annual Golf Tournament, the Dental Nurses and Assistants Registry, and the Group Income Protection Plan.

The Academy of Dentistry prize was awarded to Mr. Ronald Weiler at the Faculty of Dentistry.

A word of appreciation on behalf of the Council is owing to our very dependable executive secretary Mrs. K. Montgomery who has done a great deal to lighten the tasks of everyone on the executive council.

Membership in the Toronto Academy of Dentistry rose to 661 active members, 37 honorary members, 10 honorary life members, and 29 complimentary memberships were issued. The continual increase year by year reflects the value which the profession in this area places on the leadership and services provided by this association.

Respectfully submitted.

R. M. GRAINGER.

AUDITOR'S REPORT

The Academy of Dentistry,
230 St. George Street,
Toronto, Ontario.

Gentlemen:

RE: Annual Audit — March 31st, 1962

I hereby certify that I have made a detailed examination of the books and records of Receipts and Disbursements for the year ended March 31st, 1962, and attach the appropriate certified statements relating thereto.

The credit balance of \$5,263.39 with the Toronto General Trust Company's branch at 36 Bloor Street West has been confirmed and Dominion of Canada Bonds, amounting to \$8,000.00, have been examined there.

Respectfully submitted,

D. H. STODART,
Chartered Accountant,

Toronto, Ontario.
June 4, 1962.

ONTARIO SOCIETY OF ORAL SURGEONS

President	T. B. Van de Mark
Secretary	Alan S. Brown

The Ontario Society of Oral Surgeons had three meetings this past year which were well attended. The highlight of the year was the talk given by Dr. Andrew Park, prominent Toronto neurologist on Head and Neck Pain.

A brief was presented to the Royal Commission on Health Services by the Ontario Society of Oral Surgeons. Some of the points stressed were:—

1. The need for Dental Departments in all large general hospitals. The staffs of these departments should represent all phases of dentistry.
2. The unfair attitude of some private insurance plans in paying for oral surgical procedures if performed by a man with a medical degree but refusing to pay when the surgery was performed by an oral surgeon with a Doctor of Dental Surgery degree.
3. The need for a full undergraduate training program in dentistry for a surgeon doing surgery of the mouth and jaws.

The Ontario Society of Oral Surgeons continues to work along with the Canadian Society of Oral Surgeons and the Royal College of Dental Surgeons in improving the training and practice standards of oral surgery in Canada.

THORPE B. VAN DE MARK, D.D.S., M.D.,
President.

MESSAGE FROM THE PRESIDENT

Continuing education is one of the hallmarks of any profession. Voluntary dental societies through the provision of a means for scientific and cultural pursuits are the most significant contributor to this professional obligation.

The Academy of Dentistry, Toronto, throughout its years of service to the profession, has been an enhancement to dentistry enabling its members to acquire further knowledge and understanding which are reflected in ever-improving service to the public.

On behalf of the Canadian Dental Association it is a pleasure to convey to the Academy our every good wish for a most successful and rewarding year.

M. V. J. KEENAN, *President.*
